Re: Patent Application: REVERSE AUTHENTICATION KEY EXCHANGE
Inventors: Jim Price, Joel Landau, and Tim Barlow
Uniden Ref. No.: U-0109-7
Our Ref. No.: 1348-1013

Dear Joel:

I have enclosed a Combined Declaration and Power of Attorney and an Assignment document for your signature. Please date and sign these documents where indicated and return them to me for filing with the U.S. Patent and Trademark Office (PTO). Please note that the Assignment must be signed in the presence of a Notary, but the Combined Declaration and Power of Attorney does not.

I have sent copies of the documents to each of the inventors separately, so you just need to take care of your own signature pages and return the documents to me. I will then compile the signature pages for filing with the PTO.

Thanks. Please call me at 972-720-1202 if you have any questions.

Very truly yours,

Steven W. Smith

Re: Uniden File No.: U-0109-7
Reverse Authentication Key Exchange
Our File: 1348-1013

Dear Joel:

In regard to the above-referenced matter, we have previously requested that you execute a Declaration and Power of Attorney and an Assignment document relating to the above-referenced patent application which was filed with the United States Patent and Trademark Office on March 15, 2002. Specifically, Steve Smith sent you these documents for execution on March 15, 2002. Pursuant to your request, I resent these documents to you on April 19, 2002, again requesting your execution.

As of the date of this letter, we have not received the executed documents. Additionally, you have not responded to our telephone calls or the telephone call made by Uniden's counsel, Brianna Hinojosa-Flores. We are now requesting again that you please sign and date the Declaration and Power of Attorney and sign, date and have notarized the Assignment document, which have been enclosed for your convenience, and kindly return these documents to me no later than Wednesday, June 26, 2002 in the envelope provided herewith.

If you decide not to execute and return these documents to me by Wednesday, June 26, 2002, Uniden America Corporation will deem you a nonsigning inventor and will be forced to take measures to protect its interests in the patent application including filing, with the United States Patent and Trademark Office, a Petition under 37 C.F.R. §1.47(a), which states in part, "If a joint inventor refuses to join in an application for patent, ... the application may be made by the other inventor on behalf of ... the nonsigning inventor."

We appreciate your cooperation in this matter. If you have any questions, please do not hesitate to contact us.

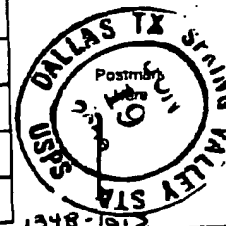

Sincerely,

Lawrence R. Youst
